

Fourth Grade News

Fourth graders enjoyed watching the production Anne of Green Gables at the UCO Mitchell Hall recently. Mrs. Baim directed the fourth graders in a study of the characters, setting, author, and the "universal" theme of this great story before the field trip. Our field trip was a rewarding experience.

Fourth graders are also very busy preparing for the OCCT test which is scheduled for the week of April 10th. Please encourage your child to get plenty of rest and to eat a healthy breakfast during this week.

Happy Spring!

Fifth Grade News

5th grade is busy practicing for our upcoming math, reading, science and social studies OCCT tests. Testing will be April 10th-13th. If you are interested in providing your child's class with drinks or snacks for the week of testing, please contact your child's teacher.

We will visit the Philharmonic with Mrs. Workman on May 2nd, and 5th grade Farewell will be the afternoon of May 18th.

We look forward to seeing you soon.

5th Grade Teachers

Music News

We have many exciting activities to look forward in Music. Our second grade classes are really working hard to make their musical program, (April 20th) "Aesop's Fables," the best it can be. First grades are working hard on their "Spring Sing". The fifth grades are looking forward to taking a field trip to the Philharmonic on May 2nd at 11:00.

You will be receiving more information at a later date. Fifth grades are also looking forward to giving their musical performance for their farewell.

Thanks to ALL the parents that worked so hard on the stage and costumes for the 4th grade program. You are wonderful! And many thanks to our second grade parents who have already volunteered to help with the second grade program.

Evelyn Workman

A thank you note to the Northern Hills parents and staff from the Johnson family

I just want to thank you all for being so generous to my son and I. I wasn't sure what I was going to do while watching the fire destroy my apartment. I felt alone, sad, discouraged, and very devastated. I really took it hard. It has only been a week and the Northern Hills faculty, PTC, and parents have already helped me out with more than what I could ask for. I was able to cope from that point on. I did not feel the need to be stressed or overwhelmed. I have you guys helping and supporting me and that is such a blessing in my life. Words cannot even express how my son and I feel. Thank you for your support, your encouragement, and your love.

Sincerely,

Maya Johnson
